

C.A.R. Consulting Group
Global Marine and Automotive Consultants and Surveyors

MISSION STATEMENT

—

Vision

Be the market leader in automotive risk management providing independent tailor-made professional services with a fair approach (Integrity).

Engagement

Play a key role in the automotive industry by providing a clear overview to continuously improve the quality of the product and the quality of the transport (from factory to dealer).

Sustainability

Manage a financially healthy group through optimization of cost control and work processes as well as continued growth of our organization and services.

Family

Create a positive and harmonized working environment for all with daily passionate commitment (have a positive attitude, spread it around and have fun!).
